

Maryland Non-Gaming Vendor applicants

Pay Careful Attention to the Following:

Vendor applicants must complete specific steps before submitting an application to the Maryland Lottery and Gaming Control Commission.

Applications received with any of the four (4) following defects will cause significant delays in the processing of the vendor's request for approval and may result in the disqualification of a vendor. The denial of an application will permanently prohibit the vendor from conducting any business with any Maryland licensed casino.

- 1) All vendors must obtain a '**Casino's Certification of Business Relationship**' form page. Certification form pages can only be issued by a licensed Maryland casino or by designated casino construction companies authorized to issue certifications. A vendor applicant is prohibited from completing the 'Casino's Certification of Business Relationship' form page. Certification form pages bearing the signature of a vendor applicant may be considered a material misrepresentation to the Commission, and may result in an automatic disqualification.
- 2) All vendors must register with the **Maryland State Department of Assessments and Taxation (MD SDAT)** and submit verification of their compliance with MD SDAT regulations to the Commission. MD SDAT will determine whether the vendor is required to either:
 - A. File for and maintain "Good Standing" (the vendor is required to furnish the Commission with a copy of the 'Certificate of Good Standing' with the Vendor Form application); or
 - B. File for a "Trade Name Registration".
- 3) All vendors must submit the required application **Fee**. Instructions for original / initial and 'Upgrade' applications are found in **Section 'C'**, and the non-refundable fee is either \$100 or \$1,000. Instructions for Renewal applications are found in **Section 'D'**, and the non-refundable fee is either \$100 or \$500. The application fee (except Wire Transfers) must be submitted with this application.
- 4) All vendors must submit **accurate, legible and complete applications** on single-sided pages. Vendor applicants should carefully read all of the instructions and thoroughly review the entire document before submitting it to the Commission. Failure to submit required information may result in denial of an application. Refusal to rectify deficiencies following notification, or the submission of false or misleading information, will result in the denial of an application.

b) Is a person whose services the Commission determines must be registered or certified; and

c) Is **prohibited** from providing or attempting to provide any gaming related goods, services or supplies unless licensed by the Commission as a Gaming Manufacturer or Gaming Contractor.

A.2 Pursuant to Code of Maryland Regulation (COMAR) 36.03.02.17, a Vendor, unless exempt, is required to be Registered or Certified with the Commission **prior to conducting any business** with a licensed casino or casino license applicant.

SECTION B - APPLICATION CLASSIFICATION

B.1 A Vendor must determine the correct form based on the combined total value of non-gaming related goods and services provided to, or anticipated to be provided to, a licensed casino or casino license applicant within a calendar year.

B.2 A Vendor that provides, or anticipates providing non-gaming related goods and services within a calendar year with a combined total value:

- a) Of less than \$9,999 is exempt from submitting an application to the Commission;
- b) From \$10,000 to \$299,999 to a single casino or casino license applicant is required to be Registered by the Commission;
- c) From \$10,000 to \$599,999 to multiple casinos or casino license applicants is required to be Registered by the Commission (unless at or above \$300,000 to a single casino or casino license applicant, in which case the Vendor must be Certified by the Commission);
- d) At or above \$300,000 to a single casino or casino license applicant is required to be Certified by the Commission; or
- e) At or above \$600,000 to multiple casinos or casino license applicants is required to be Certified by the Commission.

If a Vendor has three contracts, one at Casino 'A,' for \$350,000, one at Casino 'B' for \$110,000 and one at Casino 'C' for \$110,000, the Vendor is required to be Certified by the Commission, since one of the contracts is above \$300,000 even though the combined total value (\$570,000) is under \$599,999.

B.3 The Commission monitors the licensed Maryland casino's payments to each vendor. If it is determined that a Vendor's combined total value of non-gaming related goods and services is approaching the prescribed threshold, the casino may delay or cease payments to prevent a violation of Gaming regulations. If it is determined that a Vendor's combined total value of non-gaming related goods and services has exceeded the prescribed threshold, the casino is required to cease payments.

If a Vendor, approaching the prescribed threshold, anticipates providing non-gaming related goods and services which have a combined value exceeding the threshold, the Vendor is required to submit the correct classification of application to the Commission. The Vendor is prohibited from conducting business which will exceed the threshold until the Commission approves the Vendor's application.

If a Vendor has exceeded the prescribed threshold, the Vendor is required to submit the correct classification of application to the Commission. The Vendor is prohibited from conducting any further business until the Commission approves the Vendor's application.
